

Schriever Elementary

April 2024

PAWS Press

Message from the principal....

Dear Schriever Elementary Families,

Our students have been working extremely hard to achieve their end of year goals. DIBELS end of year testing begins on April 9th for K-3 students. Please encourage your child to continue reading at home. We know all students will do their best!

Attending school healthy and ready to learn is important. It is important to get plenty of sleep, eat a nutritious diet, and exercise daily. Nutritious meals are provided daily at school at no cost to students. The menus can be found using the link:

<https://www.tpsd-la.schoolloop.com/lunch> All snacks sold at school follow the nutritional guidelines.

<https://www.louisianafitkids.com/SmartSnacks/SmartCriteria>

As the year ends, we reflect on what we can do better to serve our school community. We are asking for your help to review our Family Engagement Compact and TPSD Family and Parent Engagement Policy. Text messages will be sent including more information. Your input is valuable in working toward our school vision: Schriever Elementary, in partnership with parents and community, is committed to ensuring all students learn by educating the whole child academically and socially. Through inquiry and discussion, students will discover new ways of thinking with an aligned essential curriculum while advancing to the next educational level on the path to college and career readiness. Revised- 9/13/16

Important Dates to Remember:

☐ April 22nd - Progress Reports

Educationally Yours,
Miranda Babin, Principal

Each and every student at Schriever Elementary will strive for success in academics and behavior.

Character Building

With so many different people and so many different opinions and ideas, disagreements (or conflicts) sometimes happen. When they do, it's important for children to know how to resolve the problems and move on. Ask your child the following questions, "What happens when you feel angry? What can you do to calm down? Have you ever had an argument with a friend? How did you make up?" Remind your child that they should not lose control if they get angry. Taking it out on others never solves anything. Instead, they should admit to themselves that they are angry and try to figure out why. Explain to your child that it helps to talk about their anger with an adult, such as a parent, a teacher or a relative. Once a child talks about the anger, those bad feelings usually start to go away. Never getting angry is impossible. So, tell your child that how they act when they are angry can make any situation better or worse. They should not let anger be the boss; instead they need to take charge of it!

Thanks for your Support:

Caring Classroom Donors
