Message from the principal....

Dear Schriever Elementary Families,

Thank you for your support this year. With the continued support at home and high quality instruction in classrooms, we are committed to meeting the needs of our students at school. Your child's teacher has a Google Classroom in which newsletters and other resources can be found. If you are not able to access the Classroom, please contact your child's teacher. Stay up to date with announcements and news through weekly classroom newsletters, school website, Facebook, marquee, Jcalls and School Status.

Our winter benchmarking period is fast approaching. With ESSER funds this school year, we have added part-time certified teachers and a full-time paraprofessional to provide assistance with interventions to close learning gaps. All students have set personal goals for the year. Each week, students set short term goals to continue making progress. Please ask your child about their goals and how they are progressing towards the goals.

Important Dates to Remember:

November 8th- Staff Development Day #3

(No school for students)

November 11th - Progress Reports Grades 1-3

November 11th- Patriotic Picnic

November 21st-25-Thanksgiving Holidays

Educationally Yours,

Miranda Babin, Principal

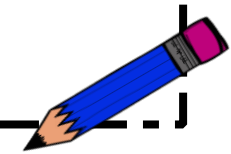

Each and every student at Schriever Elementary will strive for success in academics and behavior.

Note from the assistant principal....

Recess is the only time during the school day when children determine and organize the direction of their own activities. This time provides children with a sense of control and positive self-esteem. When students are permitted to play freely with peers they learn how to resolve and avoid conflicts. They also develop skills for seeing others' points of view, a necessary element that leads to accommodation of others. This is also the time for students to practice the importance of safety as they enjoy the playground, bicycles, and other outdoor equipment.

Natalie Fonseca

Assistant Principal

PTC NEWS

1. Our next meeting will be on November 10th at 6 PM.

Home School Connections

All students may log in to Google using Clever at home to access some of the programs that are used during the school day. Students in grades 1-3 may utilize Freckle at home to increase proficiency in math skills. Freckle is aligned to Star Math, program used to monitor progress over the course of the year. Third grade students may work on Achieve 3000 at home to build literacy skills.

Thanks for your Support!

Schriever Families

PBIS Family Support*

Accepting responsibility is the focus this month. Following all expectations each day at school is part of accepting responsibility. What are some ways your child can practice accepting responsibility at home?

**Upcoming PBS Events:
October Monthly Reward-Glow Party**

LEAP 2025 Testing Information

The parent assessment portal provides helpful information regarding the LEAP assessment.
<https://bealearninghero.org/spring-forward/louisiana/>

Students in grade 3 will take Computer-Based LEAP assessments at the end of the year to measure their knowledge and skills in ELA, Math, Social Studies, and Science.

Practice tools and practice test can be found on
<https://wbte.drccdirect.com/LA/portals/la>

We encourage you to help your child practice these tools at home.
