A NOTE FROM THE PRINCIPAL:

Greetings SEC parents and guardians. SEC would like to thank all of our parents and guardians who were able to join us to celebrate the King and Queen of SEC **Vaughn Sheppard** and **Allison Leonard** during the Hercules parade at SEC. We would also like to say thank you to the **Krewe of Hercules** for visiting SEC and providing throws for our students, **Sheriff Tim Soignet** for providing the train for our students to ride in during the parade, and our parish president **Mr. Jason Bergeron** for presenting the King and Queen with keys to the city. It was a very exciting day filled with joyful memories. If you have any questions and/or concerns please call the office at **985-303-4832**.

OUR VISION:

"We believe students with significant cognitive disabilities such as communication, physical, and/or sensory related challenges are capable of remarkable growth and achievement in the right environment. We EXIST to create that environment; by teaching students with a research based curriculum that promotes individualized academic growth, transition, and functional life skills."

S.E.C. MISSION: *We are Engaging, Educating, and Empowering Every Student, Every Day!*

Building 36- Ms. Marmande

This month we will be talking about daylight saving time, St. Patrick's Day and its history as well as Easter traditions around the world. We will also be working on our sight words and basic addition with our K and 1st graders. We are excited about our extra hour of daylight and some more outdoor activities!

Building 29- Mrs. Brown

High School : Earth and Space Science

For the month of March, the students will learn about weather and how it affects many aspects of our daily lives. The students will also complete various science projects and class experiments.

Building 31- Ms. M.Cavalier

This month we will continue learning about the American Revolution, addition and subtraction of 3 digit numbers, and fractions. This month we will also be celebrating St. Patrick's Day and Easter. Hope you all have a great month!

Building 26-Mrs. L. Fountain
In this unit, students learn about weather

Building 32- Mrs. Robinson

The Ides of March are fast approaching as our school year is quickly departing. The students have been hard at work learning their ULS skills, Transitioning Skills, and Community Based Instruction. The Sp. Ed. Department is involved in planning a program for SEC seniors with a new hands on approach to teaching Transitional Skills for the third and fourth nine weeks of school. My students, paras, and I are looking forward to this new approach to transitioning and community involvement.

Our ULS focus for March is Earth and Space Science-Studying Weather. The students will study weather with all its changes. Parents, throughout the month of March please discuss the weather with your child and the changes that happens as a result of the weather in Terrebonne Parish.

Building 28- Mrs. Mary Lou Eubaire

This month, we will focus on weather. We will review different weather conditions, ways to measure the weather, and the different types of severe weather that can occur. We will also talk about how weather affects and relates to our everyday activities.

We are exceptionally amazing!

Building 31- Mrs. Mary Parfait

This month's topic will be all about weather! The students will learn all about the different seasons we experience here. They will also learn about the different types of weather and how it changes.
