A NOTE FROM THE PRINCIPAL:

Dear SEC Families,

As our summer begins, I would like to express how grateful I am to have had the opportunity to lead such an wonderful community of students, parents, and staff. It has been an amazing year! I am so proud of all of the achievements and accomplishments of our students here at SEC. These would not be possible without your support and dedication.

Reflecting on the past school year, we have had so many great memories and exciting events to look back on, including our various field trips, our Gingerbread House activity, the Mardi Gras parade and our fun Easter activities. We will close our year with the graduation and awards ceremony on May 14th @ 9:30 AM. We are very proud of all of our students and their successes. A special thanks to you, the parents who have contributed to SEC in many small, and large ways. Thank you for the partnership between home and school, which is so important. We appreciate all that you do each and every day for our school and our children!

Have a safe and fun filled summer!

OUR VISION:

"We believe students with significant cognitive disabilities such as communication, physical, and/or sensory related challenges are capable of remarkable growth and achievement in the right environment. We EXIST to create that environment; and teaching students with a research based curriculum that promotes individualized academic growth, transition, and functional life skills."

S.E.C. MISSION: We are Engaging, Educating, and Empowering Every Student, Every Day!

Building 36- Ms. V Marmande

This month we will be wrapping up another great school year. The students have made great progress in the areas they were struggling in, especially with attitudes and behavior. On Monday May 6th, we will have a cinco de mayo celebration and on May 16th we will celebrate summer birthdays with cake and ice cream. Best wishes for a safe and happy summer to all!

Building 29- Mrs. Brown

Unit 9

Plant Life 

Theme: Life Science

This unit is all about plants and photosynthesis. It reviews the basic process plants use to make food, what they do with the energy, the parts of plants and what they do, as well as the plants we eat.

Building 34- Ms. M. Cavalier

This month we will continue working on reading and writing. In math, we are working with money and measurement. We finished up LEAP testing and benchmark testing. As we conclude this school year, hope you all have a great summer.

S.E.C. CLASSROOM NEWS

I promise to do my best
and stay a CHAMPION!

S- SAFE

T- TRUST

A- ACCEPT

R- RESPECT

S- SMILE

Building 26- Mrs L. Fountain

We will learn about: Types of
Plants, we will also read

- * Leaves Change Color
- * Simon's Seed Collection
- * Why Plants Need Soil

Building 32- Mrs. Robinson

Hooray! Who's Ready for Summer break? I'm ready, how about you? If not you should because breaks are fun and fun is good. A break from subjects and a break from school, I really like that rule. Just fun, fun, fun in the hot summer sun. So I bid you farewell as we wrap up the year, be safe and enjoy your good summer break.

During the month of May the students will study ULS Life Science- Plant Life. Parents you may sign up for [Free Registration Summer Access](#) to all 6 grade bands and ULS Unit #10. You can register for an account from n2y's website at www.n2y.com. Parents please consider checking out the ULS website this summer if you have time. Parents, thanks for all that you do at home and for SEC. Happy summer!

Building 28- Mrs. Mary Lou Eubaire

Oh, how the school year is coming to an end already! Time flies when you are having fun. This month, we will have a lot of fun activities planned for the kids while learning about Plant Life at the same time.

My team and I would like to thank you parents for the unending support that you have given us. Have a wonderful summer!

Building 31- Mrs. Mary Parfait

This month we will wrap up the school year learning all about Science and plants. Students will gain an understanding of what plants need to grow as well as how plants' features help them to survive.

I hope you all have a great summer!
We're a rainbow of possibilities!
